

PUBLIC NOTICE

Public Involvement Sessions: The New York State Department of Environmental Conservation and the New York State Department of Health (Agencies) will be holding a public meeting and availability session regarding the Agencies' **proposed cleanup alternative for the remediation of properties off-site of the FMC Corporation in Middleport New York.** This proposal is discussed in detail in the Agencies' draft Statement of Basis (SOB). This is a follow-up to FMC's Corrective Measures Study that was public noticed in June 2011. These sessions will be held:

Public Meeting – Wednesday June 27, 2012, 7:00 PM – 10:00 PM

Public Availability Session – Thursday June 28, 2012, 1:00 PM – 4:30 PM

Place: Middleport Fire Hall

28 Main Street, Middleport, New York

The public meeting will begin with brief presentations by the Agencies and then will be opened to members of the public to make verbal comments on the record regarding the proposed remedy. The public availability session will be informal, where members of the public can ask questions of Agencies' staff on a one-on-one basis regarding the content of the preliminary Statement of Basis or other FMC environmental matters. Also, written comments can be provided to the Agencies during both the afternoon and evening sessions.

Written Comment Period: The Agencies will also accept written comments from the public on the proposed remedy during a 45 day period which begins on **June 15, 2012 and runs through July 30, 2012.** Written comments can be provided to the agencies by e-mail to der@gw.dec.state.ny.us or by regular mail to:

Ms. Sally Dewes, P.E.
NYSDEC Project Manager
625 Broadway, Albany, New York 12233-7016

Document Availability: Copies of the Department's proposed cleanup alternative and other related documents are available for public review through the NYS Department of Environmental Conservation's website <http://www.dec.ny.gov/chemical/54220.html> or thru the Middleport Community Involvement Group's (MCIG's) web site at www.middleport-future.com. Also, hard copies of these and other related documents are available for public review at the FMC Document Repository located at:

Middleport Village Library
9 Vernon Street
Middleport, New York
